Setu Nepal Participates in Collaborative Program with Nepal Red Cross

Setu Nepal had the privilege to participate in a valuable program organized by ONGD-FNEL in collaboration with Nepal Red Cross which emphasized the urgent need for disaster risk reduction, youth engagement, and the promotion of nature-based solutions which was organized on June 2nd 2025.

Designing for Sustainability!

SETU Nepal, in collaboration with Khwopa College of Engineering, has launched an exciting Design Competition for developing an Eco Village and Tourism Hub at our Changunarayan farmhouse – a step toward the long-term sustainability of SETU Nepal.

A total of 11 teams, featuring around 30 enthusiastic architecture students from various batches, are participating in this creative journey

Encouraging for livelihood involvement

Health Camp & Awareness Campaign at Pashupati Temple

On the sacred occasion of Shraavan on July 28th and August 11 2025, SETU Nepal organized free Health Camp at Pashupati Temple, one of the holiest sites for Hindu devotees. The camp provided free sugar and blood pressure checkup alongside health counseling combined with Gender-Based Violence (GBV) Awareness Campaigns. Total of 387 female and male devotees were served during the camp.

Community Awareness

Nawalparasi

The society where we live is bleeding and screaming loudly the pain caused by Gender based violence that are often ignored or shadowed. So, On 16th of August, a community awareness program was conducted at Nawalparasi to encourage members of community to raise their voice against gender based violence which comprises of 20 members.

It's not disability rather it's differently able people who deserves the equal treatment .

In Nepal, the 2022 National Census reported a 2.2% prevalence of disability, with physical, vision, and hearing impairments being the most common types.

Advocacy support

The National Federation of Women Living with HIV and AIDS Nepal (NFWLHA) held a coordination meeting on August 20, 2025, at Alfabetta House, Baneshwor, bringing together government agencies, NGOs, and community organizations to review the challenges and opportunities in supporting women living with HIV where setu Nepal actively participated. Discussions highlighted gaps in cervical cancer screening, ART access, and testing kit shortages, along with the need for stronger coordination, updated guidelines, and financial and transport support.

Teej Celebration at Setu Nepal Social Enterprises

August 22, 2025 – Setu Nepal marked this year's Teej celebration with heartfelt gathering filled with joy, togetherness and empowerment. The day was alive with laughter, dance, music. This Teej wasn't only about rituals—it was about cherishing womanhood, celebrating culture and creating memories that will stay with us forever.
